

DISFIGURING ECZEMA CURED IN 2 WEEKS

Blisters Broke and Formed Scabs. Nose Covered with Them. Very Itchy. Used Cuticura Remedies. Now Hasn't a Single Mark.

"My nephew first showed signs of eczema on the middle finger, and it came out like a blister. His mother thought he had gotten a burn in some way unknown to her, and she treated it as such. He must have rubbed his face with that hand, as it then broke out on his nose the same way. When the blisters broke, they shriveled up and formed scabs. His nose was covered with scabs, and it was very itchy. He was badly disfigured with unsightly scabs. At first, his nose was sore, and it gradually became worse so his mother took him to the doctor. He gave her some preparation, and told her to rub the scabs off every day, and anoint the affected part with the medicine he gave her.

"The man must have been insane, as that was extreme torture to the child who was only two years old at the time, and that was two years ago. Well, we decided that that treatment would have to end. I suggested Cuticura Ointment and they bought it and put it on freely every day for two weeks. He had the eczema for four weeks altogether, but was getting gradually worse until they used the Cuticura Remedies, and now he is cured in two weeks. He most certainly would have been scarred with the other treatment, but now he hasn't a single mark. Cuticura Remedies cured him in two weeks, and now we always keep them in two houses." PECOS BRINGS IN TOBACCO DISPLAY

Sends Numerous Delegates to K. of P. Meeting; Live Boosters.

Pecos came to the district Knights of Pythias meeting with bells on; also with samples of tobacco grown by pump irrigation near Pecos and cotton that was grown at the state experiment station at Pecos. The Pecos lodge sent 21 delegates to the district meeting. The delegation was headed by Max K. Kasper, district deputy grand chancellor, who made the response to the address of welcome Tuesday morning. Porter A. Whaley, secretary of the Pecos commercial club, is also a member of the delegation and brought the tobacco and cotton to the El Paso chamber of commerce. H. C. Stewart, a graduate of the A. & M. college, of New Mexico, at Mesilla Park, accompanied the delegation. He is superintendent in charge of the experimental station which the state has established at Pecos and he has been accomplishing some remarkable results in original research work there. The tobacco that was grown at the station is the Sumatra, long leaf and of splendid formation. The cotton is the equal of any grown in the cotton country of east Texas. Both the tobacco and cotton were grown by pump irrigation.

The other members of the Pecos delegation at the K. P. meeting are: W. A. Hudson, Dr. R. M. Harkoy, J. B. Breedlove, J. B. Gibson and family, Will P. Brady, G. B. Landrum and wife, E. R. Hard, T. D. Davis, E. C. Boatright and wife.

CLOVIS PREPARES FOR THE FIREMEN

Twelve New Mexico Cities to Be Represented at Tournament.

Clovis, N. M., Aug. 15.—The Clovis fire department members are practicing three times a week in preparation for the territorial firemen's convention and tournament, to be held here with the Curry county carnival, September 25, 29 and 30. Chief Chalfant says the boys will make the home people open their eyes at the speed they will make.

It is expected that 12 cities will be represented in the convention. Clovis business men have contributed \$300 for prizes. A feature of the meet that will be novel will be the water fight between two teams. The men on the Clovis fire team are: Chief Chalfant, assistant chief Try, driver Anderson; Celestino, Kivner, Blaney, DeBerry, Combs, Lockmiller, Baker, Magee and Mersfelder.

The churches of Clovis have planned a union revival meeting to begin August 27. Evangelist E. J. Bulgin and George L. Ross, who conducted the revival in Albuquerque, have been secured. The local ministers are preparing for a daily paper to be published during the meeting.

PLAN TO EXAMINE TEACHERS FOR TUBERCULOSIS

Auditor's Report Shows City, County and State Delinquent on School Funds.

The subject of physical examinations of teachers of the El Paso schools was brought before the school board meeting Monday night. The purpose of the examinations would be to see that none of the teachers have any trace of tuberculosis and as a preventative against the contagion of the disease by the children.

A letter received by Dr. E. H. Irwin from Dr. J. W. Cathcart, relative to the examinations was read before the board. Dr. Cathcart suggested the examination of all teachers carefully, if it could be done in three or four times a year. If they have had any illness during the scholastic year other examinations would be necessary. The teachers who have been in the employ of the schools for several years and are known to be in good health would not have to stand the examinations as frequently as the others. The matter was not definitely decided by the board and action was deferred.

The subject of fuel was brought up as there was a misunderstanding as to the weighing of the fuel which is supplied to the schools. This matter was also set over for future action. The reports of expenditures of the year were presented by the auditor, F. E. Sawyer and were accepted by the board.

After the routine business had been disposed of the board went into secret session with mayor C. E. Kelly on the issuance of the school bonds.

The reports of auditor Sawyer follow: Receipts and Expenditures. "I find upon inquiry at the office of the treasurer that the receipts for the past year, from July 1, 1910, to June 30, 1911, were as follows: From the city \$129,778.84 From the state 45,426.00 From the county (interest fund) 3,062.70 From collections, tuition, etc. 2,629.87 Total \$181,897.34

Total expenditure for the year \$188,233.60 The appropriations for the present year by the board for the city, from April 1, 1911 to April 1, 1912 \$135,005.00 For the state, from September 1, 1910 to September 1, 1911 46,189.00 For the county from September 1, 1910 to September 1, 1911 5,100.00 Total \$186,294.00 From the above it will be seen that the city is delinquent \$5,226.36 That the state is delinquent 763.00 That the county is delinquent 2,096.30 Total delinquent \$8,085.66 Monthly Report of Expenditures. Salaries \$1,227.20 Other expenses 264.23 Total expenditure for the month \$1,491.43 Comparison of Expenditures. July 1911 \$191.00 June 1911 \$205.00 Salaries \$1,227.20 \$1,227.20 Other expense 264.23 264.23 Total \$1,491.43 \$1,491.43

TEACHERS OF OTERO IN ANNUAL SESSION

North Cludcroft, N. M., Aug. 15.—The annual summer session of the Otero County Teachers' Institute opened Monday at Cludcroft, with a good attendance.

The session is to continue for two weeks and is conducted by Dr. J. W. Conway, superintendent of schools at Cludcroft, assisted by R. S. Tipton and J. M. Helm, principals of the Tularosa and Mountain Park schools, respectively.

The work is to be based upon the manual prepared by the department of education, the daily recitations beginning at 7 in the morning and continuing until 12:30. At 3 in the afternoon a class in calligraphy will be conducted by Mrs. C. Clayton Patch. Dr. J. R. Towler and his son, who spent Sunday on the mountain top.

Rupert Redie and wife, of El Paso, spent a few days in the Croft visiting Mr. Redie's parents.

Children and children left Sunday for Silver City, where they will spend the winter. Miss Vera will attend the normal, Miss Eva the high school and Ned and Reagan the grades.

WILCOX PETITIONS FOR NEW ROADWAY

Wilcox, Ariz., Aug. 15.—A party consisting of Thos. Allaire, L. H. Hays, Dr. J. C. Wilson, C. O. Anderson, E. O. Ely, Ed Riggs, T. D. Fulghum and H. A. Morgan went over by auto to Tombstone to meet the board of supervisors in conference regarding road matters. The good roads movement is being espoused with zeal and the board agreed to establish such roads as the people of Sulphur Springs valley would petition for. A petition was at once filed for the establishment of a road from Wilcox to Dos Cabezas. C. O. Anderson, a former attorney of Washington, H. L. Johnson, a cattle buyer, and L. Wallace, from Yuma, have lately located in Wilcox and parties have been here from Oklahoma, Colorado, Texas and California, with a view of purchasing lands nearby. Some have located and others expect to return later. The Wilcox ball team is doing some lively playing just at present. The last two games played with Cochise and the one with Texas canyon scored much in favor of Wilcox. Practice work is being done for the approaching fair to be held here next month.

HOT WEATHER HURTS THE SKIN

Poisonous perspiration causes rashes, hives, blotches, pimples and prickly heat, often the beginning of serious skin troubles. To wash away the poison entirely, apply a simple solution known as D. D. D. Prescription for Eczema. D. D. D. is generally sold in 1.00 bottles, but for 25c we can now give you enough to prove that the very first drops soothe and heal the inflamed skin as nothing else can. We vouch for the wonderful properties of D. D. D., for we know that it brings instant relief for all kinds of skin trouble. Kelly & Pollard.

MUCH BUILDING IN PROGRESS AT PECOS

The Commercial Club Starts Fraternal Home.

Pecos, Texas, Aug. 15.—The Commercial club of Pecos has entered the contest for securing the new fraternal home which is to be located in west Texas. One hundred acres of choice lands, an artesian well and inducements will be offered and a special meeting is to be called to consider the matter in detail and perfect a complete offer.

It is stated here that work on the new Pecos First Methodist Episcopal church, south, will begin next week, Nov. 1, and a large modern structure, costing approximately \$20,000 to \$22,500 is to be erected. The Pecos high school building, which is being erected here by El Paso contractors, is about completed, except the interior. It will be ready for occupancy by Sept. 10, in time for the opening of the city schools. It is built of brick.

The finishing touches are being put on the new Lipcecomb building, which has been under remodeling construction here for the past three months. The entire building has been finished in mica from Culberson county. The sidewalks are being constructed on various portions of Oak street. The new Texas & Pacific station is about half completed.

The Home Building and Loan association has been organized here by El Paso contractors. The new buildings are under construction in Pecos at this time.

TORREON PLANT IS PLANNING EXPANSION

La Union Soap Co. Buys Additional Land for Factory.

Torreon, Mex., Aug. 15.—The papers have arrived from Mexico City which convey to La Union, S. A., the deed to 19,000 square meters more of land fronting the grounds of La Union and sold by Carlos and his wife. This will make a total of 189,000 square meters to be held by the company and with improvements and additions already in project most of this will be in actual use in a short time. The consideration was \$40,000.

General manager O. G. Neumann returned this week from New York, where he made important purchases of machinery for the oil mill and other departments. The large addition which was built for the manufacture of fine toilet soaps was placed in operation last week.

Mr. Neumann declares his belief that Mexico is entering upon an era of prosperity such as has never been enjoyed and he is working overtime to get a number of accumulated orders. The business done for six months this year up to July 1 was 30 percent greater than the total of business done in 1910 and greater than in reaching the straits of accumulated orders. The orders are increasing in volume weekly.

STRIKE GOOD STREAM IN LOVINGTON WELL

Irrigation in the District Is Now Believed Assured.

Lovington, N. M., Aug. 15.—After several unsuccessful attempts to secure a sufficient amount of water to run a four inch pump on account of not having proper machinery necessary to keep out the water so that the well might be dug to the quicksand, parties engaged by citizens of Lovington have succeeded in reaching the strata of sand at a depth of 80 feet and quickly put the pump to work, with the result that after pumping a four inch stream of water for several hours, demonstrators were able to lower the water beyond that point and that a supply of 1000 gallons a minute had been attained.

Considerable interest has been manifested by the people living in this section and it is believed that every claim in and around Lovington can be converted into veritable gardens. Assurance is given of a sufficient amount of water to irrigate from 80 to 160 acres of land at nominal cost.

SUGGESTS NATIONAL AUTOMOBILE ROAD

Pecos, Texas, Aug. 15.—Hon. J. W. Lytle, of this city, formerly of Kentucky, where he was for years a good roads optimizer, suggests a national transcontinental automobile highway. This can be done, he says, by each state building a roadway across its domain so as to connect up with the one built by the adjoining state. Citizens of this section know, he says, suppose that a road is built from New York City to Philadelphia, thence to Baltimore, Gettysburg, Wheeling, Columbus, Ohio, Indianapolis, Ind., Springfield, Ill., St. Louis, Mo., Kansas City, Mo., Topeka, Kan., Denver, Colo., Santa Fe, N. M., Phoenix, Ariz., and to Los Angeles and San Francisco, Cal. When this is done, each state will then build shortline roads to different parts of its own territory, leading into this main highway, and thus a road starting at New York can reach any part of the country desired.

BUILDING A NEW BRIDGE IN MIAMI

Miami, Ariz., Aug. 15.—The new bridge over the wash on Miami avenue is now being constructed by contractors Ward & Douglas. The plans call for a bridge 16 feet wide and 70 feet long of the Howe truss style. The bridge is being constructed at the expense of the local merchants who are realizing its great advantage to them, were liberal contributors. Father Barrett will let a contract for a new Catholic church this week, the site for which has been donated by the Miami Townsite company. It will be located in the Red Springs addition. Clint, Tex., Aug. 15.—The large hay barn of Varr and Greet has been completed, and an addition of four or five rooms is being added to the residence. Mr. Jones, of El Paso, has charge of the work. The third cutting of alfalfa has been made, and the price is advancing each week. The local buyers are paying \$14 per ton at this time. The pear crop of C. O. Coffin, while not so large as last year, is of much better quality, and shipments are being made daily to eastern points. The soldiers who have been stationed at this place since last fall have received orders to depart for Fort Bliss tomorrow, from which place they will later be moved to some point in Arizona. Miss Ella Simpson, of Marathon, is visiting at the Krebaum home. Mrs. John Jones, of Hinton, Okla., is visiting at the home of her mother, Mrs. A. T. Celum. Mrs. Mary Manning Crapps has purchased an acre of land in the Clint Township addition, and will erect a residence in the near future. J. J. Schafer is having a cottage erected on Orange avenue. A watermelon social was given at the Silvia home Saturday evening in honor of Miss Ella Simpson of Marathon. The tennis club which was organized at this place by Miss Thomas, Miss Sylvia and Mrs. Mary Manning Crapps has attained a membership of 12, and the sport is indulged in each evening at the grounds near the school house.

NOTE ON SKYROCKET LEADS TO A WEDDING. Artesia Girl Finds It and Correspondence Is Followed by Marriage. Artesia, N. M., Aug. 15.—Over a year ago B. B. Bindle, while running a restaurant at Artesia, received a consignment of fireworks from St. Louis. His daughter Sophia unpacked them and found on a rocket written: The girl who finds this will be the girl who will marry me—George Hold, St. Louis. She answered the note and the correspondence started. The Bindles moved to Ashland, Oregon, where the wedding of Miss Bindle and George Hold, Jr., was lately consummated. Mrs. Lalah Snuffer died after a brief illness. Her body was taken to Bowie, Texas, for interment, accompanied by her son and her brother from Mineral Wells, Texas. E. A. Clayton, who owns 360 acres of land near Spring Lake, is plotting to sell in 10 acre tracts for sale. Miss Lora Williams was one of the instructors at the teachers' county institute at Carlsbad. E. N. Requa, who lately returned to Artesia after a year's absence, has formed a partnership with E. C. Higgins and H. C. Rohrbach in the real estate business. A crowded house greeted the rendition of the "Village Farm," given for the benefit of the library. The receipts were nearly \$100. Arrangements are being made for an alfalfa fair the beginning of September. C. F. Erb has purchased the music house and ballroom of Prof. Corlington and placed Kent, his son, in charge.

PIECE OF CLOTH IS FOUND IN OLD WOUND. Honesty of Globe Porter Is Rewarded by Gift of a Dime. Globe, Ariz., Aug. 15.—Francisco Ruiz has been operated on by Dr. R. D. Kennedy and a small piece of cloth which had been in his shoulder for over 12 years, was removed. Ruiz at that time was shot in the shoulder with a shotgun and the wound gradually healed, but of late became sore and the old wound opened. Dr. Kennedy after several days' treatment decided that there was a foreign substance in the wound and upon cutting it open found the piece of cloth which had been used as packing had been left in. John Robinson, the porter at the Globe postoffice, while sweeping the office saw a man drop a roll of bills to the floor. Robinson picked up the roll, rushed after the man and asked him if he had lost some money. The man felt in his pocket and said: "Yes, I lost about \$35." Robinson handed him the money and was rewarded by being made the recipient of 10 cents.

TEACHERS AND BAPTISTS MEET IN CARLSBAD. Teachers Endorse Christab as Their Choice for Location of the New Normal for New Mexico. Carlsbad, N. M., Aug. 15.—The Eddy County institute, now meeting here, is the largest that ever assembled in the county. Fifty students are in town, and 30 more are expected. Noted educators, such as Prof. Vaughan, of the Agricultural college; Dr. E. McQueen Gray, of the University of New Mexico, and territorial Supt. Clark, will be here. Prof. Poore, superintendent of the Carlsbad city schools, is at present conducting the institute. The institute has declared emphatically by resolution that Carlsbad is its choice as to the location of the state normal, which will be placed during the next session of the legislature in the eastern part of the territory. The Baptist convention of the valley meeting in Carlsbad, 50 delegates from all over the valley being present. The district extends from Hope on the west to Lovington on the east, and from Malaga on the south to Roswell on the north. The Rev. Milton Reese is in charge of the work in Carlsbad, and is being assisted by the preachers from the various valley churches.
